

The Mountain of Nanna is one of nine citadels that guard the borders of the Empire. Each is named after one of the nine Gods of the Pantheon of the Minotaurs. Nanna is the True Neutral God of the Moon and is also known as the "Lord of Wisdom." His main holy day is the night of the first full moon of the new year. He has worshippers of all alignments. The citadel houses a large number of Bulls and Steers and the slave support staff required to keep the forces in a ready state.
