

1 ) cave entrance

large stalagmite to the left. a bit of mine track, and a mine cart that is off the track.

2) main cave; pillars some hollow, rock piles, a mine cart or two, broken barrels, 3 squared off rocks, secret door to 11. remains of two wagons.

3) water source, a small spring keeps it fed. But water flow is rather slow.

A character looking away from the water, might catch a smile forming on the water out of the corner of their eye... but the smile vanishes when they turn to look.

4) this part of 2 hides the secret door. Behind it is a skeleton and some small piles of mixed coins. The real secret door behind it hides the alchemists' areas.

5) a mining cart, empty. Points sort of to the 3 foot wide hole in the wall.

6) a long cave, with various rocks.

7) a small room, a reinforced door at the end, 5 feet wide.

8) an oval room; two opened chests, two small piles of silver coins at the pointy end.

9) living quarters for the two alchemists. Pointed stick barrier. Two beds, 2 storage chests, a rug.

10) 2 chests with a bit of platinum, gold and silver pieces. One has lead at the bottom. They are trying to turn lead into gold.

Two work tables, tables, 2 stools, a comfy chair, and a table with 3 chairs. Could they have visitors from time to time ?

11) a skeleton and a few coins on the floor.
