

South part and adjoining lands of Basher Bay, Fisher Island, of Forlorn Archipelago.

The Green Line is a line of green painted towers and castles keeping what ever is in Dead Forest away. Woe to any castle that removes the green paint ! They will be overwhelmed and all inside lost.

Dragon Rocks ? Does it refer to the rocky teeth of the rocks or actual dragon's teeth ?

The tree symbols represent an area of trees, not an actual tree count.

Intense Inlet: rough waters

Tower of the old Wizard; a wizard or abandoned. No one is certain.

Dead Forest: ruins and a temple to the Demon God.

Stormy Point: looks calm, but rough and stormy water appears quickly.

A small henge is rumored to be deep within the Dead Forest. Its age is unknown.
