

Sub-level

Zognilak_Fortress04.fcw

- 1) Storage. Crates, grate over a drain, 2 weapon racks, chests.
- 2) A large cave for storage. Some guards live here on a rotating basis. Chests, 2 campfires, crates, beds. Mostly food and weapons are stored here.
- 3) barracks. Guard the up spiral stairs to ground level and the upper level. Two fireplaces. Beds, storage boxes. Table and chairs.
- 4) A passageway in progress for another storage room. Some crates stored here temporarily.
- 5) Storage. Crates, boxes, barrels. Shelves probably contain small weapons like daggers and hand axes. Possibly some scrolls as well. The doors are kept locked.
- 6) undiscovered cave. Occasionally guards in room 2 can hear high pitched sounds from this direction. The sounds are heard approximately once or twice a year.
- 7) The Bones.
- 8) A large water feature, the bottom of the sink hole on the ground level.
- 9) Storage. Crates and boxes. Two weapons racks.
